VOL. XXXIX — MIDDLEBURY COLLEGE, MIDDLEBURY, VT., MAY 6, 1942 — No. 27

## "Perfect Alibi" To Be Staged May 6 and 7

### Final Drama Of Year Is Mystery-Comedy By Milne

"The Perfect Alibi," a mystery-comedy by A. A. Milne, the last of the four major productions to be given this year, will be presented at the Playhouse tonight and tomorrow night, at 8:15.

The setting of the play is an English country house, the murder taking place in the first act, and the subsequent solving in the second and third acts. Mr. Henning Nelms, head of the drama department, has requested absolute secrecy as to the outcome of the mystery.

The cast is as follows:

Jimmy Ludgrove—
W. Bruce George '43
Susan Cunningham—
June A. Perry '42
Mr. Laverick—
George W. Nitchie '44
Carter — Douglas H. Mendel '42
Jane — Barbara A. Seberry '44
Mrs. Fane — Louise F. Henofer '42
The Major — Roger S. Arnold '42
Lucy Adams—
Katherine I. Wallack '45
Mallett — Henry O. Parry '43
Police Sergeant—
William F. Greis '44
Arthur Ludgrove—
Richard W. Brock '44

Season tickets may be used in obtaining reserved seats. These are on sale at the Playhouse from 9 to 5 Monday through Thursday.

"The Perfect Alibi" will also be given during Senior Week on May 22 and 23. Season tickets will not be good at this time.

## *HONOR SOCIETY TAPS MEMBERS*

### *Six Junior Men Chosen For Waubanakee Membership*

Last Thursday in daily chapel new members of Waubanakee were tapped by the retiring seniors. M. Scott Eakely, Donald I. Gale, Lewis E. Haines, Frederick W. Lapham, Jr., Richard S. Morehouse, and Edward T. Peach are the new members of this senior honorary organization.

M. Scott Eakely is the recently elected president of the Undergraduate Association, a member of Blue Key organization, and a member of the Student Lecture series committee. He was vice president of the class of '43 for two terms and received his major letter in varsity baseball.

Donald I. Gale, recently chosen to receive the Hazeltine-Klevenow cup for the second successive year, is the captain-elect of the varsity hockey team and a member of Blue Key.

Lewis E. Haines is a member of the fencing team, co-captain of cross-country and acting captain of the tennis team. He is also a member of the Blue Key organization.

Frederick W. Lapham, Jr. is the captain-elect of the basketball team and manager of the baseball team. He was also tapped for Blue Key.

Richard S. Morehouse received his varsity letter in football and track, and is a member of Blue Key. He also designed the Winter Carnival poster and the Middlebury map.

Edward T. Peach was two years president of the class of '43, is a member of the college choir and Blue Key.

Kenneth E. Cosgrove, Stanwood F. Johnson, A. Wilson Wood and Edward H. Yeomans are the senior members of Waubanakee who tapped the new members of this society, which is the highest honor a Middlebury man may receive in his college career.

## Peter Debye Will Lecture Tonight

### Nobel Prize Winner Will Speak On Methods Of Measuring Molecules

World famous in the realm of chemistry and scientific experimentation, Peter Debye will deliver a free lecture to the Western Vermont section of the American Chemical society and the general public at 8:00 this evening in the chemistry auditorium. His subject will be, "Measuring molecules by x-ray and cathode ray scattering."

Dr. Debye's lecture will be considerably popularized so as to be understandable by chemists and non-chemists alike. Born in Holland, he spent several years on the faculty of the University of Berlin during which time he achieved world-wide recognition by being awarded the Nobel Prize for his outstanding work as a physical chemist. Shortly before the outbreak of the European war, Dr. Debye came to this country and for the last two years he has served on the faculty of Cornell university. Here he has been carrying on extensive research in the photographing of molecules by electron beams. He has also done much scientific investigation in the field of the x-ray and developed one of his own known as the Debye x-ray.

**Supper For Dr. Debye**

A supper is to be held preceding the lecture tonight at the Weybridge church for Dr. Debye and the members of the Western Vermont section of the American Chemical society. The faculty members of the chemistry departments of Middlebury, Norwich, and U. V. M. are among those who belong to the society which meets monthly.

Professor John F. Haller was in charge of securing tonight's lecturer and recently stated: "Middlebury should feel extremely fortunate in having the opportunity to hear such a renowned figure as Peter Debye.

## DONALD GALE '43 IS RECIPIENT OF ANNUAL AWARD

For the second consecutive year, Donald I. Gale '43 received the Hazeltine - Klevenow award for combined ability in athletics and excellence in scholarship, President Paul D. Moody announced in chapel last Monday. President Moody presented Gale with a miniature of the silver honor cup.

Gale, a chemistry major, won his numerals in fresman football and has been a member of the varsity team the last two years. He has been a letter-man for two years in and is captain-elect of the hockey team.

A Blue Key and "M" club member for the last two years, Gale served as secretary-treasurer of the latter organization during this year. He was on the Dean's list as a sophomore and is a member of the Delta Upsilon fraternity.

**Original Cup**

Carleton H. Simmons '28 was the first recipiant of this award, which was established by Prof. Burt A. Hazeltine and Marshal M. Klevenow '25. The first award was made in 1928 when Prof. Hazeltine was Dean of Men and Mr. Klevenow was football coach.

The award established was a silver cup presented to the college upon which has been placed annually the name of the student in each college year who best combines ability in athletics with excellence in scholarship.

The committee which chose Gale consisted of Pres. Paul D. Moody, Coach Arthur M. Brown, and Prof. Waldo H. Heinrichs. In 1940 John W. Zydik '42 received the award,

## *Scholarships Are Awarded*

### *Six Vermont Men Given Complete Tuition To College*

By David M. Otis '45

Late Monday afternoon in Old Chapel a door opened and Director of admissions Edgar J. Wiley stepped out. The twenty-eight candidates for the Special Vermont Scholarships held their breath as he slowly read the names of the six selected to receive the coveted awards.

Paul H. Gale, Salisbury; John M. Perry, Springfield; Mark D. Prindle, Charlotte; Charles P. Puksta, Windsor; Philip G. Hull, St. Albans; and F. Guilford Myrick, Montpelier were the ones chosen to receive the $1400 scholarships. The four alternates, who will receive the awards in case any of the six winners is unable to use his scholarship are: Harry G. Remington, Jr., Bennington; Constantine M. Broutsas, West Brattleboro; Robert K. Ward, St. Albans; and Thomas E. Paterson of East Craftsbury.

**Given Monday Afternoon**

The awarding of the scholarships Monday afternoon climaxed a two-day period crammed full of tests and interviews, with an intensive introductory tour of the college sandwiched between. The boys arrived Sunday afternoon and registered at the office of the Director of Admissions. They were then parcelled out among the various fraternities for entertainment during their stay in Middlebury. From that moment on, their time was occupied and their activities were planned for them. Movies showing student life at the college were exhibited, a tour was conducted through the science and chemistry buildings and Starr library. Monday morning saw the nervous scholarship applicants scowling over an endless series of psychological examinations. Following the brief noon-hour rest period the college officials launched a seemingly interminable series of personal interviews. Each boy spent about ten minutes alone with the five members of the committee of selection, at which time his entire past history was gone over with a fine-toothed comb. Questions covering every conceivable aspect af each candidates high school life were fired in rapid succession. Then, when the interviews were finished, after a nerve-wracking wait, the winners were announced, hands were shaken, greetings were exchanged, and the twenty eight winners, alternates and others started for home.

**Full Tuition**

Based on the general plan of the Rhodes scholarships, the special full-tuition awards are given to the six young men of Vermont showing the most promise in "qualities of manhood, force of character and leadership, scholastic ability and physical fitness." Entering into the selections are references from home-town citizens, scholastic aptitude tests and personal interviews with the committee of selection.

The six young men chosen to receive the awards are all outstanding students in their respective high schools. All of them stand in the first quarter of their classes; two are valedictorians of classes numbering over 75 members; one ranks third in a class of 120; one fourth among 76; and one in the first seventh of his class.

Not only are they all good students, but all are engaged in activities indicating leadership abilities. Paul H. Gale played football and hockey at Middlebury High School and acted in the senior play.

Philip G. Hull played in the Bellows Free Academy orchestra and band, served as class treasurer, was a member of the Student Council, was a delegate from the school to the Boys' State conference at Norwich University, and served as a feature writer for the school paper.

F. Guilford Myrick, Jr., played football, baseball, engaged in dramatics, musical activities, debating, and skiing at Montpelier High.

Springfield High's John M. Perry was a member of the glee club, band, orchestra and dramatic club.

Mark D. Prindle of Mt. Hermon School was a member of the football, tennis and track teams and worked for the school paper. He was also a member of the school science club.

At Kimball Union Academy, Charles P. Puksta played football and basketball, served on the senior council, the senior paper, and the year book.

When asked by the CAMPUS what their reasons for wanting to attend Middlebury were, the candidates declared that they sought a genuine liberal arts education in a not-too-large college at a not-too-great expense. Although there were other minor reasons advanced, the liberal arts education seemed to offer the greatest attraction.

The committee of selection included Carelton H. Simmons, Dr. Elbert C. Cole, Edgar J. Wiley, Pres. Paul D. Moody, and Dean Ennis B. Womack.

*Major W. H. Heinrichs Midd to Army*

## Prof. Waldo Heinrichs Called For Active Duty As Major In Air Corps

Professor Waldo H. Heinrichs, head of the contemporary civilization department of Middlebury College, has been called to active duty as a major in the Army Air corps.

Prof. Heinrichs plans to be in Harrisburg, Pennsylvania, on May 20, where he will attend the Army Air corps Intelligence school. Beyond this he has no further instructions. In the last war he held the rank of First Lieutenant in the Army Air corps.

Prof. Heinrichs came to Middlebury in 1934 as an instructor in sociology. Soon after that he became a professor of contemporary civilization, a course which traces the sources of current events. He is a graduate of Dennison university and received his M. A. degree at Columbia university.

## Graduation Is Theme Of Ball

Joan L. Calley '42 co-chairman of the Senior Ball committee, has announced that the theme for decorations of the Ball will be graduation, a theme that has not been used in Middlebury for several years. Traditional events of a Middlebury Senior Week will be portrayed in these decorations.

Clay pipes, mortar boards, crossed canes, and daisy chains will go to help carry out this theme. The Ball is to be held on May 21, from 9 p.m. to 2 a.m., with the Black Panthers providing the music.

# Interfraternity Council Revises Rushing Rules

## Carnival Solicits Poster Designs

1943 Winter Carnival committee heads and a poster contest have been announced by the Carnival Board.

The best poster submitted to Gertrude Nightingale '44 before November 1, 1942 will be used as the 1943 Winter Carnival poster and distributed to stores and colleges in the New England states. In addition, a prize of a ticket to the entire carnival will be awarded to the winner. Contest rules require that not more than three colors may be used, and the poster must be done on paper which measures sixteen inches by twenty and one half inches.

**Carnival Board**

The committee co-chairman who will direct next year's carnival will be as follows; Casino, William H. Calkins '44 and Ruth F. Waldmann '44, Transportation, Anthony S. DeNigris '44, Coronation, Alfred G. Boissevain '44 and Ruth R. Wheaton ' 44, Sunday Outing, Lewis E. Haines '43 and Helen A. Beardslee '44, Tickets, Paul D. Davis '44 and Jeanne Chatfield '44, Program, Louis Menand '44 and Jean V. Ledden '44, Klondike Rush, Horace J. DePodwin '44 and Ingrid H. Monk '44, Carnival Ball, Robert P. Mooney '44 and Bettylou Ring '44, Publicity, Gertrude Nightingale '44, Winter Sports, David S. Johnson '45, Roy H. Kinsey '45 and Abbie-Dora Ansel '44. Police, George H. Booth '44, Social, Helen C. Perrins '44.

Six freshmen skyline members were chosen as tryouts for next years Carnival co-chairmen and will assist the present co-chairmen Robert Darrow '44 and Irene B. Ruthenberg '44. They are, Dan Hedden, Theodore R. Parkins, Robin D. Willits, Betty A Allen, Jean A. Bender, and Audrey J. Nunnemacher.

## RICHARD C. DAVIS IS AWARDED KDR SENIOR TROPHY

Richard C. Davis '42 was awarded the Kappa Delta Rho trophy by President Paul D. Moody in chapel yesterday for outstanding service to the college.

Established in 1928 by the Middlebury chapter of Kappa Delta Rho, the annual award of a permanent trophy is made to the senior man most outstanding in extra-curricular activities, both athletic and non-athletic, in scholarship and general character, and in support of and loyalty to the interests and ideals of Middlebury college.

Davis won his numerals in freshman football and was a member of the varsity team for three years. He also won letters in hockey and golf, serving as captain of the golf team this year.

A member of the "M" club and of Blue Key during his his upperclassman years, Davis was president of the Blue Key this year. He belongs to the Delta Kappa Epsilon fraternity.

**Awarded by Committee**

The committee which awarded the cup was headed by Pres. Paul D. Moody. Other members were Dean Ennis B. Womack, Coach Arthur M. Brown, and Prof. Raymond H. White of the faculty and Elliot A. Baines, Donald I. Gale, and Edward E. Shea, all '43. Student committee members were appointed by president Moody.

Immediately after receiving the award, Davis left for Washington, D. C. in connection with the United States geological surey.

John H. Hicks '41 was awarded the cup last year.

## Preferential Form Basis Of Rushing System Next Year

### SOME PREVIOUS RULES RETAINED

Meeting Tuesday night, the Interfraternity council passed by a 10-4 vote the revised rushing rules formulated by a committee of William R. Engesser '43, Harry Rossi '43, and Paul D. Davis '44.

The new system is based generally on the preferential form of rushing which has been arbited by Prof. Stephen A. Freeman, and includes the provisions of the former rushing system in regard to unrestrained relationships between fraternities and first-year men until the quiet period, and the fact that freshmen cannot be entertained at the houses, or learn details of the houses, except during the smokers. Changes, and new provisions are as follows:

PART 2

1. Period of quiet shall be defined as that period when all conversation and contact between fraternity and first year men shall cease. This period must last for two days and shall be established by the council. Any contacts to be made must be made with the permission of the president of the council.

2. The active rushing season shall be known as that period extending from the opening of the college to the period of quiet.

3. Fraternity visitations, whereby the freshmen may be ente... fraternity houses, shall ... lished and apportioned ... terfraternity council w... mous vote.

4. During the active r... son each first year man s... all the smokers, or refuse a... year man not attending ... smokers may not be pledge... house, unless excused by th... ident of the council.

5. No fraternity shall i... with any first year man ... dates assigned by the Interfrater... ity council, nor shall any fraternity admit to or entertain in its house any first year man who is assigned by the council to a date with another house.

6. Each fraternity is allowed to maintain a delegation of the quota set for the class by the Interfraternity council. Members entering college or members or pledges returning before the expiration of the two registrations shall be included in the class quota. Pledges and members returning after at least one year shall have no such class standing.

7. By pledge is meant the acceptance of a formal invitation from a fraternity. (Regulations concerning the five-day limit for turning acceptances in to the council, a ... porting the breaking of pledge ... been retained.)

8. Each fraternity shall be ...tive ded for three hundred dollars. ... bond shall be posted with the president of the council within seven days of the first meeting of the council following the opening of school.

9. For violation of rule 6 (above) the bond of three hundred dollars shall be forfeited and a fine of fifty dollars imposed for each additio... man over the quota. For violatio... of each rule the violator will be subject to a forfeiture of twenty-five dollars on complaint of one fraternity and by a majority vote of the council.

PART 3 (Preferential System)

1. Balloting shall take place du... ing the seventh school week, p... ceded by a two-day quiet period.

2. Fraternities shall hand in the... lists to the faculty advisor by five o'clock of the second day of the quiet period.

3. Freshmen shall fill out their list of preferences by five o'clock in the office of the faculty advisor on

**This war has already cost the United States more than the first World War. Help support it by buying war stamps and bonds. You'll never be broke if you own a defense bond.**

## New Rushing System

Rushing will be different next year nder the new system approved by he Interfraternity council last night. Besides being accelerated, the system has been fundamentally hanged.

Next year the policy will be to have the freshman given a better chance to go to the fraternity of his choice rather than to the fraternity which exerts the most pressure or to the house which has best luck in formal dates.

The new system will not eliminate dirty rushing. Dirty rushing will not be eliminated until the rushing rules are enforced and penalties are imposed. The rules will be enforced only when the council members put the council above their fraternities.

## CAMPUS Changes Face

In changing from 13M to 12M columns to make it possible to include six instead of five columns the CAMPUS has made a long awaited change in format.

This change should make it easier to have a four page issue and to include all the copy which should be printed. It will also save time and paper for the war. Paradoxically, this week the war in the form of army and navy advertisements have made the six page issue necessary.

## CAPITAL TO CAMPUS

**By Jay Richtner**
**ACP Washington Correspondent**

**JOBS. . . .**

WASHINGTON—(ACP)—The weatherman is likely to be a weatherwomen for the duration. Civil Service is looking for college women to fill vacancies at weather stations west of the Mississippi.

If you're interested, go to the weather station where you would like a job and ask for blanks. (Incidentally, some stations are still averse to hiring women—which is something you may want to know in advance.)

At least two years of college work is required, with emphasis on mathematics and physics. The salary is $135 a month—$120 or $105 if you are willing to take less. You'll have to take a written examination.

Reports filtering into the Capital from "the field" indicate that farmers generally are reacting favorably to the student farm-work plan of McNutt's Manpower Commission. The newly-created Commission is going to enlist college and high school students to work on farms in areas where shortage of help threatens.

Of course, the Department of Agriculture here had already advised its field personnel to use students. And many students and farmers have been planning ahead of any Washington agency. For example, in Eastern truck gardening areas students and farmers have been working together more than two months.

The Manpower Commission will obtain students through Employment Service offices.

The Navy needs about 50 girls for technical and scientific aides. They'll take almost anyone who has had one or two years of chemistry or physics. The openings are in arsenals and ordnance plants at Dover, N. J.; Watertown, Mass.; Philadelphia, Pa.; Rock Island, Ill.; Cincinnati, Ohio; St. Louis, Mo.; and Birmingham, Ala. The salary is about $1600.

## BY THE WAY

*by*
*Al Hadley*

We would like to nominate for our Department of Cross Purposes this week a weekly college publication known as the Middlebury CAMPUS: as will be remembered, several months ago the CAMPUS cut down from six to four page issues in order to aid the government by conserving paper. This week careful readers will notice that the format of this paper has been changed from five to six columns across a page, so that all the news may be gotten into a four page paper. Careful readers will also notice that you are not reading a four page paper but a six page six column paper. The reason for this inconsistancy: Service advertisements, put in by the government, forced the expansion from four to six pages.

* * *

After noticing that the British had moved into Madagascar this week, we could not help but notice a seeming similarity between parts of this war and a pie-eating contest. Each contestant grabs as much as he can before the other contestant gets too much. Then? Well, that's about where the story ends and nature takes her course.

* * *

We see that Father Coughlin's "Social Justice" has recently suspended publication, partly because it is on trial for sedition and partly for other reasons. We could not help but feel optimistic about it, since Charlie Coughlin apparantly has given up the idea of changing this country and now only wants to make make a few minor changes in world affairs.

* * *

In a recent edition of the New York Herald Tribune we ran across a small item entitled "correction," in which the Tribune apologized very profusely to Mr. Leon Henderson for misquoting him as saying that the Germans and the Jews were the cause of wartime restrictions. The Tribune goes on to say that, "of course Mr. Henderson meant Japs instead of Jews." We think this very magnamimous on the part of the Tribune. Nevertheless, after such a keen analysis of the situation, even if he was misquoted, we are forced to add Mr. Henderson's name to our list of profound thinkers. We only hope that he didn't lay awake too many nights figuring out this theory that the Germans and the Japs have some connection with present shortages. If we hold our breath long enough Mr. Henderson may even tell us that the Germans and the Japs have something to do with the preent war that is going on.

* * *

We understand from a friend of ours who is an Australian aborigine (whatever that is) that they can count only to four since they don't have words for any numbers past that. We wonder if this does not lead to a little trouble when counting on the fingers. However, we are inclined to think that with the way things stand now over there, that it is just as well not to be able to count past four.

## Alumni Notes

A daughter, Susan, was born to Mr. and Mrs. William Meader **(Audry Wouters '41)** March 21, 1942, Berkeley, Calif.

Mr. R. P. Dale, '11, 19 Warren Terrace, Longmeadow, Mass., and C. N. DuBois, '34, 65 Pine St., North Amherst, Mass., are co-chairmen for the Middlebury dinner to be held at the Sun Room of the Hotel Northampton, Northampton, Mass., Friday, May 8, at 6:30 p.m.

Middlebury alumni and alumnae from the State of Connecticut will meet for dinner at the Garde Hotel, New Haven, Saturday, May 9, at 6:30 p.m. Mr. M. T. Anderson, '25, is in charge of arrangements for the dinner.

Guests from the College at both dinners will be Prof. A. M. ("Coach") Brown, Mrs. Marion Munford, '32, Alumnae Secretary, and E. J. Wiley, '13, Alumni Secretary. New color movies of recent events, including wartime adjustments, the visit of the U. S. Tank Corps to the College, and pictures of the 1942 Winter Carnival will be featured.

## FINAL EXAMINATION SCHEDULE

May 14-20, 1942

## NOTICES

**Students** are reminded that sugar rationing cards must be procured today and tomorrow at the grade school from 2:00 p.m. to 5:00 p.m. and from 7:00 p.m. to 9:00 p.m.

The **Sheldon Museum** will be open, beginning in the afternoon of May 8, to college students. Although it has not been arranged entirely as it will be for the Commencement yet, the students will doubtless find many things of interest there. Gamaliel Painter, Father of Middlebury, was born 200 years ago on May 22, and special honor will be paid him this Commencement time in an exhibit of portraits of members of his family, letters written by him and his family, and other things which are of interest because of his connection with them.

## College Calendar

**Wednesday**
7:45 p.m. Philosophy Club meeting, 105 S. Main Street
8:00 p.m. Peter Debye, lecture, Chem Auditorium
8:15 p.m. Drama play, "Perfect Alibi," Playhouse

**Thursday**
1:10 p.m Freshmen room drawing, men, in the Dean's office
8:15 p.m. Play, "Perfect Alibi"

**Friday**
Varsity tennis, R.P.I., away

**Saturday**
1:30 p.m. Student Union meeting, Mead chapel
Baseball, U. V. M. away

**Sunday**
5:00 p.m. Chapel speaker, Dr. Tweedy, of Yale

**Monday**
3:30 p.m. Varsity baseball St. Lawrence, here
Varsity tennis, St. Michael's, here
Archery Play Day, Women's Athletic Field

# Program Grants Reserve Status

## Army Air Corps Defers Students From 18-26 Until Necessary Call

Recently appointed as faculty adviser on military matters, Professor John A. Bowker explained the new plan, whereby college students may join the Army Air force enlisted reserve and still remain in college, to a group of fifteen Middlebury men last Thursday afternoon in Monroe auditorium.

Professor Bowker had received the information from Major General Sherman Miles, commander of the First Corps area, at a meeting of faculty Air Corps advisors held at Hanover, N. H. last week. Under the new arrangement, men between the ages of 18 and 26 years may qualify as Army Aviation cadets and be placed in a reserve status until called to active duty. Unless dire necessity makes a demand for their services at an earlier date, they will be allowed to remain in college until graduation. When called to service at that time they will receive the appointment of Aviation Cadet. These reservists will not be subject to induction under Selective Service.

It was, in addition, announced that educationally qualified men who apply for ground crew courses as army aviation cadets are also eligible for enlistment in the reserve, if they desire to complete their college education. The same is true of students taking pre-medical courses who will receive, upon application, commissions in the Medical corps upon completion of their medical course and internship.

## *ortar Board Elects Margaret Dounce As President For 1942-3*

t a meeting held Friday May 1, new Mortar Board elected its cers for the coming year. Margaret Dounce will replace outng president Elinor L. Dickie '42, nore E. Wolff will be the new vicesident, Carolyn P. Ohlander secary, Dorothy E. Forsythe treasr, and Nancy L. Cowgill will be pter editor for the quarterly gazine published by the national rtar Board society.

mong the last official business ng conducted by the outgoing rtar Board was the annual breakfor all members of the wo-'s college who have been on n's List during the past college r. About thirty-five people atded the breakfast held Sunday, y 3 at the Bristol Inn. Faculty sts were, Miss Ida V. Gibson, s. W. H. Heinrichs. Dean Eleanor Ross, Miss Mary S. Rosevear, Mrs. ssell G. Sholes, Miss Ruth W. nple, and Miss Mary A. Williams. The cup awarded annually to the phomore whom Mortar Board conrs most outstanding in regards marks, character, and service to school, will be awarded in chapel ring the last week of classes.

## alajian, Aubuchon To Head Language Clubs

John Kalajian '43 was elected next year's president of the anish club at the meeting held Hepburn on Tuesday, April 29. len S. Haldt '43 was elected e president, and Leonore Jenkwas elected as secretary. The eting, the last of the year for Spanish Club, featured some ving pictures and a talk on uth America by Professor Bru- M. Schmidt of the Geology partment. Professor Schmidt k the pictures on his journey in uth America.

Denise B. Aubuchon '43 was cted to the presidency of the nch Club recently. Harriet A. rtels '44 is vice president and samund Burleigh '44 was elect- secretary. Last night the nch Club held an unofficial eting at which Dr. Stephen A. eman showed some movies t he had taken recently in xico. Members of the Spanish b also attended. Plans were aldiscussed at the meeting for the ual wind-up affair to be held Tuesday May 19. This will be last meeting of the French b this year. A play will be n by the faculty of the French partment.

# Outstanding Talent Makes 1942 Black Panthers Tops In Swing

By William H. Calkins '44

The Black Panthers in two short years have developed from a mediocre college dance band into one of the top bands in collegiate swing circles. Outstanding talent in the last year has given the Panthers an excellent reputation throughout New England and New York State.

Leader and drummer of the 1942 edition of the Black Panthers is Bill Youngs, only senior in the band. Bill's steady driving beat and excellent taste in backing up the band make him an outstanding rhythm man. His loyal interest and sense of responsibility have guided the band through a very successful year.

The sax section, led by Foo Matthews, shows much improvement over last year's erratic reed group. Foo's lead technique and ideas rate him on a par with most name band alto men. Only a freshman this year, Foo is certain to go far in the field of music if he chooses to do so. Pete Harris, Roy Wilcox, and Jon Izant blend in with Foo to form a strong unit capable of playing the most difficult arrangements.

**Brass Section**

The outstanding member of the brass section is sophomore trumpeter Don Roberts, who plays lead horn and also takes all of the rides. His originality, range, and tone brilliancy mark him as one of the best young musicians in the East. Ray Walch and Jack Holliday, who are playing second and third trumpet, have shown consistent improvement since joining the band at the beginning of this their freshman year. Business manager Bud Nims, who has done a good job with the financial end of things this year, and Joe Kissick, sophomore sliphorn artist, comprise a reliable trombone section.

Howie Quirk, wizard of the ivories and clown of the band, can play music from Bach to boogie. His rhythm work, versatile solos, and knowledge of his instrument mark him as a far better than average pianist.

Missing since mid-years has been Phil Vinall, whose excellent bass work is greatly missed this spring.

The band is definitely on the jump side—which seems to meet with the appproval of most Midd dancers. A feature is the quartet composed of Bill, Howie, Foo and Don. Their jam sessions and blues numbers are a highlight of every job. Not many college bands have the ability to provide a small combo such as this.

**Band Is Busy**

Rating jobs over many outside bands this year, the Black Panthers will play for the Lambda Iota formal at U.V.M. on May 16th, for the Senior Ball at Midd on the 21st, for the Senior Prom at Becker College, Worcester, Mass. on the 22nd, and on the 23rd for the Middlebury College Alumni dance in the local gym.

This year the band played for the fall gym dances, the Scullions Ball and the Ladies-in-Waiting Ball, Carnival Klondike Rush, Defense Dance, and Lambda Iota winter formal at U.V.M., the Alpha Sig, Beta Kappa, and Chi Psi formals, and the K.K.G.-Tri-Delt formal. Transportation difficulties and conflicting engagements have forced the band to turn down many outside jobs—at U.V.M., Hobart, Green Mountain Junior College, Princeton, and several high school proms.

New stock arrangements of "Tangerine," "Skylark," "Jersey Bounce," "I'll Never Forget," "Sent For You Yesterday," "Who Can I Turn To?" "Rockabye Basie," and "Record Session" have been added in the past few weeks to the band's library. Charlie Shirley, Vaughn Monroe's ace arranger, recently made several arrangements for the Panthers. His latest is "My Blue Heaven"—one of the bands most requested numbers.

The band members have contributed much of their time (two rehearsals a week) and effort to give Midd students exceptional dance music this year. So many thanks and best of luck to a swell bunch of fellows and a swell band—the Black Panthers.

## *WOMEN TO HAVE ROOM DRAWINGS*

### *Schedule of Quotas Will Be Followed Next Semester*

Hepburn women will eat in their commons next year if the increase in enrollment justifies opening another dining room.

Women's number drawing, a preliminary to actual room assignment, took place in Forest Recreation room May. 4.

Those who will be seniors next year reported at 3:45, juniors at 4:00, and sophomores at 4:15. Every girl in each class received a number and, at room drawing, rooms are chosen in accordance with the order of the numbers. Roomates-to-be may use the lower number.

The Office of the Dean of Women announced information concerning the date and time of room drawing May 5. A schedule of quotas will be followed in assigning women of the three upper classes and incoming freshmen to dormitories. Special application to Prof. Stephen A. Freeman, head of the French Department, must be made by those wishing to live in LeChateau.

# Forum Elects E. Von Thurn As President

In a meeting of the Women's Forum on Wednesday 29, elections were held for the 1942-43 officers. Elisabeth vonThurn '43 was elected President. June M. Archibald '43 is the new Program Chairman.

Irene B. Ruthenburg '44 was chosen treasurer. Filling the position of Vice President will be Mary D. Sparks.

The new secretary is Frances M. Horning '45 who defeated Phyllis C. Noble '45 and Elizabeth Gartner '45.

Upon the recommendation of Miss Dean, who is in charge of the Community House, an amendment was made to the Constitution of the organization making the social service work a regular division of the Forum. This work includes the running of the Thrift Shop, the Community House, and the annual Christmas Party at Ripton. Barbara B. Higham '43 was appointed Social Service Chairman. This is the second time that she has held the office which is to be a senior position from now on.

# Philosophy Club Will Discuss Art Tonight, Led By Mrs. Kaiser

With "Art and Experience" as the subject for the evening, the philosophy discussion group will hold its last meeting of the school year tonight at the home of Prof. Charles H. Kaiser of the philosophy department. This is the first year the new Middlebury discussion group has met.

Mrs. Kaiser will open the discussion by a talk on "Art and Experience," and students will join in an informal exchange of ideas. The group has had five meetings since organization on November 23, 1941.

Various faculty and student participants in the group have opened discussion on a particular subject at each meeting by a prepared talk. Prof. Claud L. Bourcier spoke on Pascal, Prof. Kaiser read a dialogue about various characteristics of an individual, and Prof. John T. Andrews prepared a talk on truth. Howard R. Friedman '43 led the last discussion, on economic determinism.

Business discussed at the meeting tonight will include proposed plans for a picnic of the philosophy group.

# DR. McCONAUGHY ACCENTS HONOR IN CHAPEL TALK

Dr. James Lukens McConaughy, president of Wesleyan college, spoke at vespers last Sunday in Mead chapel. His text was "Leave not a stain upon thine honor."

Dr. McConaughy demonstrated a variety of uses and meanings of the word "honor" and then went on to discuss two particular standpoints from which honor may be considered. First of all, honor is something which can vanish and has vanished from the conduct of nations. This is demonstrated by the actions of the Axis powers. Secondly, honor may stand for the record of a person's character.

Honor isn't meant to be talked about. Generally those who do so are the least honorable. Dr. McConaughy showed that he understood the intentions of students to do something for the honor of their college, especially when it is a matter of winning a sports contest, but he pointed out that habitual courtesy and consideration for others does much more to win a favorable opinion of a college.

Dr. McConaughy suggested that honor might be attained through association with a person of outstanding character or through religion. He urged that young people give a deeper consideration to religion, to profit by the experience of the soldier who wished he had spent more of his free time at college in chapel and who wrote "what we need here is God."

# Extra Credit Will Be Given In Lab Courses At Summer Session

Twelve to Sixteen credits in laboratory courses may be gained by students in the summer science session. This makes it possible for a student to earn as much credit as during a regular semester of the winter session. The summer period will be divided into two terms of six weeks each. Final examinations will be given at the end of each term.

Non laboratory courses will carry the usual six credits for twelve weeks. Additional credits will be allowed for courses with regularly scheduled laboratory or field work.

# DISCOVERY MADE BY A. BARNEY '38

## Reports Invention of New Chemical Process

The name of Arthur L. Barney, '38, has appeared recently inthe New York Times, the New York Herald Tribune and other leading newspapers in connection with his work as a chemist at Purdue University.

At the meeting of the American Chemical Society at Memphis, Tenn., Mr. Barney and Henry B. Hass reported the synthetic production of menthol from coal-tar after other chemists had worked on the problem for almost 70 years. They had worked on the research project under the sponsorship of the Vick Chemical Company and the Brown and Williamson Tobacco Company.

The importance of their announcement lies in the fact that Japan has been the principal source of Menthol, vast quantities of which are used in medicines, cigarette manufacture and dental and shaving creams which need a cooling effect.

Mr. Barney is the son of Mrs. Mary Barney of Middlebury and the late Raymond L. Barney, professor at Middlebury College. He attended Middlebury High School and was graduated from Middlebury College in 1938 with the B. S. degree cum Laude and Honors in Physics. He was a member of Phi Beta Kappa.

## *DR. TWEEDY WILL SPEAK IN CHAPEL*

Doctor Henry Hallam Tweedy, who has addressed chapel audiences here for many years, will speak again Sunday, May 10, in vesper services.

Doctor Tweedy is a member of the faculty of Yale Divinity school. He attended Yale, Union seminary, and the University of Berlin in Germany, as a student of theology. During this period he received his B.A. and M.A. degrees. Two years ago he was awarded an honorary degree by Middlebury college.

In a talk given in the vespers service of November 28, of this school year, Dr. Tweedy stressed the importance of detecting right and wrong morals.

YOUR COLLEGE CAN NOW HELP YOU BECOME A NAVAL OFFICER

**Freshmen, Sophomores, 17 THRU 19. Enlist now! Stay in college! You may qualify for a Naval Commission on the sea or in the air.**

**Freshmen. Sophomores.** Here's a challenge—and an opportunity! Your Navy needs trained men. Trained men to become Naval Officers! And *your* college is ready to give you that training now.

**Here's New Navy Plan**

If you're 17 and not yet 20, you enlist now as an Apprentice Seaman in the Naval Reserve. You then continue in college, including in your studies courses stressing physical training, mathematics and physics. After you successfully complete 1½ calendar years of college work, you will be given a classification test.

**Aviation Officers**

If you qualify by this test, you may volunteer to become a Naval Aviation Officer. In this case, you will be permitted to finish the second calendar year of college work before you start your training to become a Flying Officer.

However, at any time during this two-year period after you have reached your 18th birthday, you may, if you so desire, take the prescribed examination for Aviation Officer . . . and, if successful, be assigned for Aviation training. Students who fail in their college courses, or who withdraw from college, will also have the privilege of taking the Aviation examination.

**Deck or Engineering Officers**

If you qualify in the classification test and do not volunteer for Aviation, you will be selected for training as a Deck or Engineering Officer. In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards.

**Other Opportunities**

If you do not qualify as either potential Aviation Officer or as potential Deck or Engineering Officer you will be permitted to finish your second calendar year of college and will then be ordered to active duty as Apprentice Seamen. But, even in this event, because of your college training, you will have a better chance for advancement.

Pay starts with active duty.

It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

**DON'T WAIT...ACT TODAY**

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.

# Air Raid Warden Training Started

## Fifteen Hour Course Is Attended By Five Freshmen

Five freshmen have enrolled in the fifteen-hour training course which is being held for air raid wardens Monday and Thursday evenings at 7:30, in the high school building. They are Elizabeth Gartner, Frances M. Horning, Mary S. Tipping, Dan Hedden, and Theodore R. Parkins. About 85 people from Middlebury and the vicinity are attending the lectures.

Prof. Amory D. Seaver, high school principal, who is head of air raid precautions for the town, is conducting the class. Others who are teaching are William S. Clark, also of the high school, and Prof. John F. Haller of the college chemistry department.

**Gas Warfare Exhibition**

At the three meetings, which have been held thus far, lectures were given on the duties of a warden before, during, and after a raid. In illustration of a talk on the different kinds of bombs, last Thursday, Professor Haller gave a practical demonstration of the workings of the incendiary type by igniting a thermite mixture, on the school grounds outside the gymnasium. He plans to have an army gas squad from Manchester, Vermont, give a public exhibition of the uses of gas in warfare, on Porter Field, sometime in the near future.

With the completion of the course, and with the ten hours of work required for a Red Cross First Aid Certificate, members of the class will be qualified as Air Raid Wardens, to serve anywhere in the United States. College students who are taking it are expected to serve as senior dormitory wardens next year.

# W. A. A.

Battling to a close finish, the Freshmen W.A.A. baseball team nosed out the sophomore team by a score of 8-6 at the Women's Athletic field last Friday.

This victory gives the freshmen a one-game lead in the season's baseball tournament. In other games already played, the juniors trounced the sophomores, 5-3, but the juniors bowed to the freshmen, 12-4. The freshmen later took a defeat at the hands of the sophomores, 13-9. Several other games remain to be played before the W.A.A. championship can be decided.

The archery season will reach its climax May 11 at 3:30 p.m. when Miss Marjorie E. McCullough will take charge of an archery play day.

Members of the two archery classes and those who shoot for W.A.A. credit will compete in Columbia rounds at distances of 20, 30, and 40 feet. Novelty bow and arrow events and exhibitions will include balloon and cloud shooting.

Campus tennis enthusiasts have completed the second round of their tournament. Since the clay courts in the rear of Hepburn Hall have been put in playing condition this week, trebling the amount of available space, the racquet-wielders will spend more time playing, less time waiting for a vacancy.

# NEW LIBRARIAN

## Miss Hubbard Has Been Added To Staff

Miss Barbara Hubbard has recently been added to the staff of the college library. Miss Hubbard's home is in Providence, Rhode Island.

Her record shows that she received her Bachelor of Arts degree from Pembroke College, the women's division of Brown University, in Providence. During her college career, she worked in the Providence Public Library. Upon graduation, she became a teacher of Americanization for one year in the Providence Public Schools. Later she worked in the Providence Athenaeum for several years.

On going to New York, she received her Bachelor of Science degree in the School of Library Science at Columbia University. Later she assisted in the New York Public Library.

# Students Stalk Local Bird Life In Dawn Walks

**By Barbara A. Blair**

On Monday or Tuesday Professor Longwell passes a piece of paper around the Biology class, asking for volunteers to go on a bird walk Saturday morning at 5:00 A. M. Being innocent that you are destined to sit up until 2:00 A. M. the night before to whip your C.C. note-book into shape, and being of a naturally adventurous nature, you sign your name with enthusiasm.

Qualms will first begin to assail you when you discover that besides your note-book, a humdinger of pre-A is also scheduled for that day. You will immediately resolve to get the studying done in advance, but don't kid yourself, Brother—you haven't enough character for that.

Well then—here it is Saturday morning. Awakened by the sweet twittering of birdies? Not on your life! It's that cursed alarm clock as usual. You leap from your bed to calm the raucous thing and then cautiously open one eye and squint at it belligerently. Treachery is afoot. "4:00 A. M." it has the effontery to say. Stop bellowing, Brother—it's your own fault. You didn't set the thing correctly

Ah! Here we are at the Home Ec. Lab, devouring coffee and donuts. You begin to cheer up. Then the bird walk officially begins. You start out with a happy heart and a pair of binoculars.

"Isn't it a lovely day?" you venture to remark. This is a mistake. You are repayed with black looks and hisses of "Silence!"

You shut up and trudge mournfully along.

"Look! — Cowbird!" somebody says, pointing ecstatically to the top branch of a leafy tree. Quickly you raise your binoculars. They are out of focus. While you adjust them, the naughty bird departs. But you are not discouraged—not yet!

You are tying your shoe when the meadowlark poises for a moment in the full view of the rest of the bird-walkers. You have just stumbled and turned your ankle when everybody is gazing at the black-capped chickadee. You are so engrossed in picking violets that you ignore the downy woodpecker nearby. You are helping some girl over a fence as the flicker soars overhead. And so it goes—all morning. Other Bird-Walkers are beginning to suspect that you are not a kindred spirit and eye you hostilly.

This is the time for you to redeem yourself. Eagerly you scan the horizon. Your near-sighted eyes gleam happily as a hazy form in a nearby tree attracts your attention.

"What is that strange bird?" you ask the leader. He turns and eyes you coldly. Fifteen other people turn and eye you coldly. The silence is deafening. Then he answers.

"Robin!"

# ELECTIONS FOR ASSEMBLYMEN NOW COMPLETE

Elections for assembly representatives were completed by the fraternities and the neutral men this week, and substitutions made in the first series held last week.

Kappa Delta Rho elected the following men: Roger L. Easton '43, S. Peter Nikitas '43, Lewis G. Ensinger '44, and Edward E. Adams '45. The Sigma Alpha representatives will be William A. Small '43, George L. Moritagno '44, George E. McDonough '45, and Seldon G. Thomas '45.

In addition, the following replacements were made: William G. Allen '43 for Robert E. Rueman '44, Alpha Sigma Phi; Elam M. Hitchner '45 for Donald R. Roberts '44, Delta Kappa Epsilon; and John J. McGarry '45 for Armand A. Annunziata '43, Sigma Phi Epsilon.

The neutral men met Monday afternoon and elected their four representatives,, Robert S. Bristol '43, Israel I. Shapiro '43, David H. Wood '43, and Arnold J. Kivelson '45.

Room drawing for assemblymen was held Tuesday afternoon, and the new assembly will meet in the near future to elect the executive officers for the next year.

The Greatest Air Army in the World Needs Flight and Ground Crew Officers

NOW—FOR COLLEGE MEN—A NEW OFFICERS' TRAINING PLAN

★ New Deferred Service Plan Allows You to Continue Your Education ★

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here — an *urgent need* here — for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students — men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes — aged 18 to 26, inclusive — can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

**$75 A MONTH DURING TRAINING**

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid $75 a month, with subsistence, quarters, medical care, uniforms, equipment.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot — and be well started on your way to serve America and advance yourself in aviation.

**Three Enlistment Plans for College Men**

**Juniors—Sophomores—Freshmen May Continue Their Education**

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

**All College Men May Enlist for Immediate Service**

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

*The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.*

*It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.*

*This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)*

**MANY BRANCHES OF SERVICE**

There are also commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from $183 to $245 a month.

**ACT AT ONCE**

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation— the great career field of the future — this is where you belong. Your place is *here*—in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information *now*.

NOTE: *If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today—you can then complete your enlistment before any Aviation Cadet Examining Board.*

LET'S GO! U.S.A. KEEP 'EM FLYING

# SPORTS

Sports Editor Bill Calkins

## BILL BOARD By CALKINS

At last Midd has a contender for the state crown in baseball again. With the series tied up at one all—and Norwich out entirely, Midd has but to beat St. Mike's again and take over Vermont at Burlington this Saturday to become the state titleholders.

**We think that the boys can do it. Given good support, Bill Desmond has shown his ability to win ball games. Hal Skinner has had some tough breaks but is due for a win. George Weimann pitched good ball in a relief role against Vermont, and should prove valuable in the battle. Joe Webber and Jim Scholes have both had a taste of action on the mound and have done all right—Jim getting credit for the win over R. P. I.**

In the receiving department burly Earle "Bish" Bishop has plenty of chatter, a good arm, and has been hitting the ball well. Johnny Urban, sophomore catcher, has also looked good in his appearance behind and at the plate.

**The infield is full of potentialities. Cap Youmans is a big, reliable target at first. He has unusual ability in scooping low throws out of the dirt—and is the club's long distance slugger—in the clean up spot. Sandy Young, God's gift to the tailor (he has ripped four pairs of pants sliding so far this year) has proven the best man for the keystine position, and is a fairly good hitter. Bobo Sheehan is a ball player through and through. Fast, shifty, and a dependable ball hawk, Bobo is a top-knotch clutch hitter. Eddie Flemming has a cannonball peg from third to first—and is a good fielding third baseman. He has been hitting the ball solidly all season as well.**

Johnny Prukop in left field has snapped out of his long batting slump, and is now batting over .300. Center fielder Ed Shea, when he tags the ball, really sends it flying. He has the Panthers only homers this season—one against Springfield which won the game, and one against R.P.I. Ed is plenty fast on the base paths too. Tommy Rooney, third of the gardeners, besides being Midd's top flight broad jumper and high jumper (he has already won his track letter) is a good right fielder. Tom uses his tremendous speed to beat out many hits, and he stole three bases against Vermont down here.

**Lloyd Marshall and Dave Palmstrom, both freshmen, have also seen action at second and in right field respectively. They proved to be capable replacemnts, thaugh not quite in the regular class.**

The team as a whole has been hitting much better than last year, the infield is stronger, the pitching is better, and the outfielders are coming through with base hits instead of goose eggs.

**Costly errors have turned many "almost" victories into narrow margin defeats. With only two seniors on the starting team, we wonder what would happen if Midd were going to have a baseball team next year.**

Now turn to the cindermen. Captain Jack Bates is, of course, the stand out performer here. Undefeated in the 220 low hurdles, and consistently placing first or second in the 100 and 220 yard dashes and broad jump, Jack has been the team's leading scorer with an average of 14 points per meet.

**Dave Stebbins, since his conversion to a quarter and half miler, has come through royally. Placing second in both of these against Williams, Steb has won both in the meets against Union and R.P.I. His top time of 51 seconds flat for the 440 is not far off the school record of 50.5 for this event. Fred Hawkes, Will Bangs, and George Hartz have also been running in the middle distance races.**

Frosh miler George Morse, like Steb, placed second in the Williams meet, and won the mile at Union and R.P.I. Last week he ran his best time to date—a 4:38.6 mile. Keep up the good work George.

**Tom Rooney has taken enough time off from the diamond to win the broad jump in the two meets that he entered—Williams and R.P.I. Tom also placed well up in the high jump in both meets, tying for second twice.**

Holly Hollister has come through unexpectedly in the javelin to become a consistent winner this year. He has also picked up a few points in the sprints. Art Buettner has been hauling down those important seconds in the dashes, helped along by hard-working Lynn Sackett.

**Dick Kinsey has been scoring well in the gruelling two mile run this year—usually setting a good stiff pace.**

John Gale, Bill Hawkes, Jack Young, Bob Rueman, Hal Parker, Rob Willets, Bob Brown, and Johnny Zydik have all been gathering points in the field events. The most amazing feat to us is Johnny Zydik's better than 140 foot throws with the javelin. Johnny doesn't take any preliminary run—he just draws back his arm and throws.

**Hal Parker has run in the two mile, pole-vaulted, and won the high jump (at Union) this year. Oh hum, variety is the spice of life.**

The tennis team, perennial state champs, has done quite well so far this season. Losing by scores of 6-3 to Williams and Amherst, and Colgate is not bad for so early in the season. The 7-2 victory on, the 9-0 win over Vermont, and the 8-1 defeat handed to e's tennis team yesterday certainly show the Blue and White's n its own class.

**v Haines and Tom Macdonald are alternating as captains now b Maxwell has left college to do his bit for Uncle Sam. The an doubles combination of Albie Robinson and Phil Dunham feated so far this year. Charlie Baird has been winning most of iches in the number four singles position. The whole team is reaching Midd-season form. Also, a vote of appreciation to Cornwall for his good work and unfailing interest.**

e golfers have been out getting a pretty good sun tan these days ad they can't show it off in an inter-collegiate match or two. out it Dixie?

### orts In Advance

8th will see the tennis avel to R.P.I. where it will er the Engineers.

uing on the road, the face St. Mikes on the 11th Winooski. With Captain gone into the service, Lew has taken on the respon- of leading the outfit.

baseball games are sched- the coming week. May 9th eballers go up to Burling- the second in a series of with the Catamounts. The ating given Coach Kelly's batsmen is a thorn in the side of every member of the team, and will not be taken lying down. Two days later, the Blue and White meets St. Lawrence on the home grounds.

There wil be a chance to gain revenge in the second game for the 7-4 defeat inflicted by the boys from Canton. The winning or losing of the next three games determine a successful or unsuccessful season for the Blue and White batters. So far this season the team has won three games and dropped five. Vermont, St. Lawrence and St. Mikes can decide the season.

## *CHI PSI AND DU IN SOFTBALL FINAL*

### *Theta Chi Loses to CP; Tennis And Golf In Progress*

Intramural baseball has reached the semi-final round with Chi Psi facing Theta Chi, the winner to meet DU in the finals. Chi Psi reached the semi-finals with an 11-3 victory over ASP. Chi Psi has shown the best defensive play of the tournament so far while gathering enough runs to defeat both its opponents by respectable margins. Theta Chi in its game against SPE played great ball for the first few innings but their pitcher faultered in the closing frames but managed to gain an 18-16 win. KDR was hard pressed by a surprising SA team who gave up runs only to come back in their half of the inning with some themselves. The playing on both sides in this game was sloppy and it was just a question of who could score the most runs, which KDR did with a 10 run spurt in the first of the 7th to win 24-15. DU overwhelmed an inferior Neutral team who could do nothing against their opponents. When they met DU however,KDR found a much stronger opponent than they wished to encounter. The DU's played exactly the same kind of softball and the game was tied throught the early innings. In the last half of the seventh Jack Young drove DU's winning run across the plate.

The golf tourney has reached the quarter finals. Three men have reached the quarter-final round with the rest of the field close behind. This ought to be completed by the end of the week.

In tennis two teams have reached the semi-finals. DKE defeated both the Neutrals and ASP in matches against them. Chi Psi defeated KDR 2-1 in their match over the week end. SA is still to play Theta Chi and DU will face SPE in the lower bracket.

## Clarkson Tops Midd By 7-6 In Close Tilt

Traveling into New York state last Friday, Midd's baseball team dropped a close game to Clarkson Tech., by a score of 7-6.

Hal Skinner opened for Midd on the mound with Johnny Urban doing the receiving. In the second inning Ed Shea singled and then scored the only run of the inning.

The third inning brought five more runs for the Blue and White. Shea singled to lead off the inning. Tom Rooney followed his example and Prukop was safe on an error. With the bases loaded, "Bobo" Sheehan rapped out a sharp single to score two of the men. "Bobo" was followed at bat by Ed Flemming who drove across two more runs to tie up the ball game at five runs apiece. Catcher Johnny Urban was next man to step to the plate. His single resulted in another run for the Middmen, making the score 6-5 for Middlebury.

Georgie Wiemann took over the mound duties in the sixth inning and Earle Bishop went in to catch. Things ran smoothly for the Blue and White until the last half of the eighth inning, when an error let two Clarkson runs come in. This resulted in the final 7-6 score.

Wiemann had to accept the loss for the ball game because the winning Clarkson runs were scored while he pitched. Both Skinner and Weimann showed fine control. "Bud" Kinney pitched a fine ball game for Clarkson, although the Middmen picked up seven hits.

## Panthers Defeat R.P.I. Ball Team

### Nine Scores 11-5 Victory Over Engineers At Troy

In winning by an 11-5 score over R.P.I., the Middlebury baseball club showed much of the fire which was lacking in previous games and proved itself to be a potentially powerful unit as the two teams met in Troy, April 29.

The game went seven innings with a total of six pitchers ascending the mound; three for each team. The Middlebury starting batteries were Wieman pitching and Urban behind the bat. Panther hurler Scholes replaced Wieman in the fifth, stayed on for two-thirds of an inning, and got credit for the win. Desmond came in to relieve him at the beginning of the sixth and finished up pitching two hitless frames. Bishop replaced Urban taking over the catching assignment in the sixth.

The R.P.I. squad had rather a bad time of it in the sixth as the Blue and White went into high gear scoring seven runs. The Engineers changed pitchers twice in that inning—Belcher replaced starting pitcher Hecht and Smith relieved Belcher.

Midd's first tally came as the result of a hard hit Texas Leaguer by Sheehan which dropped behind the second baseman and right through the center fielder allowing the Midd shortstop to complete a round trip. It was a clean hit with the error chalked to the center fielder. Three runs had already come in during the third session. Renselaer drove in its runs during the second, fourth, and fifth innings. Going into the sixth Midd trailed by a five-four count.

Three of the Panthers received credit for batting in six runs. Capt. Yoemans batted in three of the six, center fielder Ed Shea got two and to right fielder Dave Palmstrom one.

The Panthers scored eleven runs on fife earned hits. Three of the hits came in the big sixth as Shea, Urban and Palmstrom singled. Sheehan is accredited with two of the five, driving hits in both the first and the third innings.

# Midd Sweeps UVM, St. Mike's In Tennis

### Netmen Humble Cats 9-0, Hamilton 7-2, After Colgate Loss

### FROSH COMBINE IS UNDEFEATED

One week ago yesterday, the Blue and White tennis team journeyed down to Colgate to absorb an 8-1 defeat. Lew Haines played inspired tennis but was overcome in the number 1 match 7-5, 9-7. The only match that Midd won was the number 3 doubles in which the frosh combine of Phil Dunham and Elbie Robertson defeated their Maroon opponents.

**Beat Hamilton**

The day after this defeat, Coach Cornwall's wards traveled to Hamilton where they met with infinitely greater success. The boys from Canton, N. Y. fell easily to the Middmen 7-2. Middlebury annexed all of the matches but the no. 3 singles and the no. 1 doubles. In the no. 3 singles Tom Macdonald bowed to Captain Goulding of Hamilton. Then Goulding teamed with Sonny Dale to defeat Lew Haines and Chuck Proctor in the no. 1 doubles.

**Vermont Swamped**

The next victory of the Blue and White netmen was a 9-0 sweep of the University of Vermont in Burlington last Saturday. In the number 1 berth Lew Haines defeated Captain Sam Foti 6-2, 1-6, 6-0. Proctor playing no. 2 man won easily from Manjoney 6-1, 6-1; Macdonald trounced the U.V.M. no. 3 player 6-1, 6-1; Chuck Baird in the no. 4 singles beat West 6-2, 6-3; Dunham took Keighly in the no. 5 match 6-3, 6-3; and Melvin won his no. 6 match from Weisman 6-1, 6-3.

The doubles were equally disastrous for the Catamounts, Haines and Proctor teamed to defeat Foti and Manjoney 6-4, 6-4; Macdonald and Baird set down West and Keighly 6-1, 6-1. The freshman team of Dunham and Robinson nosed out Wicker and Weisman 6-3, 6-4.

**St. Michael's Game**

On the home courts yesterday a strong Blue and White net team rolled over St. Michaels college by a score of 8-1.

The only match that Midd lost was the No. 1 singles in which Lew Haines was upset by Bob Ansheles 6-2, 4-6, 7-5; Ansheles, a West Rutland product, has long been known in the state tourney as a steady retriever and a hard player. Haines was more sensational on the court but he was slightly erratic, a point which Ansheles never failed to capitalize on.

As Chuck Baird dod not play in his usual no. 4 position all the men below him moved up a notch, Proctor found little difficulty in defeating Lefemine 6-1, 6-1 in the no. 2 match. The no. 3 match fell to Tom Macdonald as he beat Kavanaugh 6-0, 6-1. Phil Dunham conquered Malo 6-0, 6-3 in the no. 4 singles match. Malo was a one-arm player who threw the ball up from his hand which held the raquet. Hal Melvin, playing no. 5, defeated Martel 6-1, 6-1, while Albie Robinson won easily from Whalen 6-2, 6-0.

Haines and Proctor, teamed together to defeat Lafamine and Whalen 6-0, 6-1 in the no. 1 doubles match. Tom Macdonald, teamed with newcomer Al Hadley to score a win over St. Mike's Bickins and Wettstein 6-1, 6-0. The frosh combination of Dunham and Robinson remained undefeated as they won over Ansheles and Robillard 6-1, 6-4.

In two of the State's Seris matches the Blue and White have lost only 3 sets. It appears that Middlebury will have no difficulty in annexing the State Tennis Crown for the last year for the duration of the war.

The team, under the direction of Coach Cornwall has taken its last three consecutinve matches. RPI shouldn't be too tough a nut for the Middmen.

## Blue And White Beaten 7-4 At St. Lawrence

On Saturday, atSt . Lawrence a rather weak Larry ball team toppled the Blue and White 7-4. As in the Clarkson game, we held the lead until the errors gave our opponents the upper hand in the seventh inning.

Bill Desmond opened, on the mound, and allowed three scattered hits up till the seventh, when the St. Lawrence men added two more. "Joe" Webber took over during the seventh inning, with one man out, and finished the game. Earl Bishop caught the entire game.

Middlebury gained three runs in the sixth inning, with Ed Fleming, Earl Bishop, and "Sandy" Young, scoring the points. The only other run was by Ed Yeomans, who scored a three base hit, and was knocked in by Ed Fleming.

The St. Lawrence team took the lead in the seventh, with five runs. With the bases filled the Midd team blew up and began a series of errors leading to disaster. The two remaining runs came in in the eighth inning.

Through the course of the game, Johnny Prukop made two spectacular catches. The first one was in the fourth inning, when he came way in from deep right to snatch the ball from the air. The other one was in the eighth inning, when a long fly, hit by McKinley of St. Lawrence, headed toward the fight field fence, Johnny made a one arm stab for this one, that brought a cheer from the fans.

"Dezy" found he couldn't depend on much backing from his infield when he got in a tough spot in the last of the seventh. There was a total of five errors in the infield, during the course of the game. This weakness has cost several ball games for the team.

On the other hand, the team has shown that they can play "heads up' baseball, as proven by their hitting record and the fact that they have stolen 27 bases up to the St. Lawrence game.

# Auction Success For Participants

## Bidders Crowd Gym As Amateur Auctioneers Sell Various Articles

By Philip R. Grant

"Going once, going twice, sold to—hey, who bought it?" And some other fortunate student or townsman was the lucky owner of another article bought at the regular old-fashioned auction held last Saturday on the steps of McCullough gymnasium.

Under the prudent auctioneering of Theodore R. Ogden '42, Frederick C. Hawkes '43, William S. Stevenson '44 and Raymond H. Fox '44, the receipts were approximately $125. John H. Stetson '44, a ringer, also aided in performing the duties of directing the selling, that is, after he had filled the capacity of model for the men's clothes.

At the start of the sale about two hundred people, including many townspeople, gathered at the foot of the steps of the gym. After a short time, however, they sought refuge inside due to the threatening rain which began to make good its threat. The shift was made with great facility—the auctioneers merely shifted their stand, microphone, and goods inside the main door, while the crowd entered the gym by the side entrance.

A partial list of the articles sold will show how varied and sundry the sale was—skiis and other accessories, toasters and hot plates, radios, suits, overcoats, banners, shirts, clocks, sweaters, easy chairs. Sam the barber and Jack Frost, local business men, were able to buy chairs, lamps. To Sam goes the distinction of paying the most for one purchase—an easy chair which sold at $8.50.

A college girl took the booby prize when she bid $.10 for two pairs of earmuffs, an old belt, a shirt that had seen better days and some other trash. The gavel wielder immediately closed the bidding. There was a great lack of women's participation at the auction. This was largly due to the scarcity of women's clothing at the sale. Even so, the booby prize winner also left the auction with a fellow's melton jack tucked under her arm.

Time and again, the auctioneers would point out that certain goods were in "perfect condition, but the present owners will have no use for them in the aircorps." From present indications, Middlebury should have quite a few flight squadrons. And girls, another thing pointed out at the auction is that most of the men buy their clothes from such exclusive establishments as Rogers & Peet or Lord and Taylor's.

Several audible remarks were made by those attending the auction which were indicative of the general atmosphere. After one of the luxurious suits did not seem to attract much attention when it was up for bidding, a freshman demanded, "How much do you want for the hanger?"

It was stated in the CAMPUS last week that 10 percent of the total intake would go to the Victory Bond Scholarship fund and the remainder to those who furnished the articles. This was incorrect, however and those conducting the sale were doing so purely as a profitable business venture. On the articles presented for sale with a reservation price for the bidding to start from, a 20 percent commission was deducted. All told then, the fellows running the enterprise cleared about $15.

Even though most of the articles were said to be in "perfect condition," probably some of the buyers were somewhat dissapointed later. I know—my old, delapidated radio brought a darn good price.

# *BREAKFAST FOR DEAN'S LIST HELD*

## *Mortar Board Entertains Honored Women At Bristol*

Driving to Bristol for breakfast last Sunday morning, 20 freshmen and sophomore women, members of the dean's honor list, were initiated into the "School for Brighties" by members of the Middlebury Mortar Board.

Senior members of the Mortar Board who entertained were Alice J. Austin, Adelaide E. Barrett, Hope Barton, Elinor L. Dickie, Mary C. Johnstone, Patricia L. Kane, and Alice Taylor.

**The Dean's List**

Sophomore women who are on the dean's list and attended the breakfast were Harriet A. Bartels, Rose C. Baruzzi, Helen A. Beardslee, Rosamund Burleigh, Dorothy J. Burton, Lanice L. Dana, and Fiammetta C. Donati.

Other sophomores were Kathryn M. Guernsey, Mildred J. Hansen, Leonore V. Jenkins, Alice R. Symonds, Jean C. Voss, and Winifred S. Witzigman. Sophomore members of the dean's list who were unable to attend the outing were Anne C. Bowns and Jean V. Ledden.

Freshmen who took part in the breakfast were Elizabeth Gartner, Hedvig C. Hogg, Frances M. Horning, Janet Kemp, Jacy, Dorothy H. Laux, and Barbara S. Platou.

# Revised Rules Are Made For Men's Rushing

(Continued from Page 1)

the second day of the quiet period, listing (number of houses to be set in fall).

4. A quota for each house shall be set by the Interfraternity council within the first week of the fall term.

5. The quota will constitute a block of firsts on the lists of the fraternities. After the limit of the quota has been reached, the men desired are to be listed preferentially.

6. The matching shall proceed with the matching of firsts. Second, third, and fourth choices shall then be taken into consideration.

7. The day following the matching, the faculty advisor shall hand to the council a report. This report shall consist of a list for each fraternity of the freshmen who placed that fraternity first and was not included on the list of that fraternity, and had not pledged any other house. The number of places to be filled will also be given to the fraternities.

8. The fraternities shall have five hours to hand back a report to the faculty advisor of the number of vacancies they wish to fill, designating the men to fill them.

9. Results of the system shall be binding. If any pledges are broken, the freshman concerned shall not be pledged or given house-privileges with any fraternity until the fall of the following year.

10. Open rushing shall start immediately after the results of the preferential system are announced.

11. Each fraternity must hand in pledge cards to the council within twenty-four hours of the announcement of the final results of the preferential system by the faculty advisor.

12. Pledge cards for all those pledges during the open rushing shall be handed in within five days of their being pledged.

13. A freshman must have at least three C's, one D, before be can be formally initiated. (This is subject to change by the council.)

14. Hell-week shall take place during a common week, acceptable to the fraternities.

# *A. R. Symonds Elected President Of Gold Cane During First Semester*

At a meeting Monday night, Gold Cane, the organization of neutral women, elected Alice Ruth Symonds '44 president for the first semester of next year. Tentative plans for activities next year were made.

Besides Miss Symonds, other officers elected were: Phyllis V. Rutan '44, vice-president; Elisabeth B. Aulenbach '44, secretary; Nancy L. Richards '45, treasurer; Audrey J. Nunnemacher '45, activities chairman; Miriam Kendzur '45, social chairman; and Virginia E. Clemens '43, president during this semester, was elected as scholastic chairman.

Previous to the elections, entertainment was provided by a trio composed of Gloria E. Merritt '43, Helen C. Bailey '44, and Miss Symonds.

## DORMITORY SITUATION

Men who live in dormitories next year will have residence in either Painter, Starr or Gifford. Painter hall was renovated in 1936 and Starr was somewhat remodelled last year.

Women of the college will live in Hepburn hall, Forest hall, Pearsons hall, Battell cottage, Hillcrest cottage and Hillside cottage.

EXACTLY 646 smart girls from 198 colleges are today taking Katharine Gibbs secretarial training—preparing to apply their college education in a very practicable and profitable way to the victory program. There are always enviable positions open to the college woman qualified as a Gibbs secretary.

- College graduates have choice of Special Course for College Women or Optional (shorter) Course.
- Advanced summer opening July 6, preparing for early employment. Regular opening September 22.
- Address College Course Secretary for illustrated catalog and placement booklet, "GIBBS GIRLS AT WORK."

SAY "BOO" TO BAGGAGE BOTHER

...AND TAKE YOUR TRAIN CAREFREE!

Don't start your vacation cluttered up with luggage problems when a phone call to RAILWAY EXPRESS relieves you of all such troublesome details. We'll call for your trunks and bags, speed them to your home, and save you time and expense. The low rates include insurance, and double receipts, to say nothing of pick-up and delivery at no extra charge within our regular vehicle limits in all cities and principal towns. You can send "collect", too, when you use RAILWAY EXPRESS. Just phone for information or service.

## Fifth Annual Salon Edition

"Mr. Cole" Special Honor Award $25 Prize Winner — John H. Vondell
Massachusetts State College

Featuring photographs selected from hundreds submitted in a nation-wide contest, this Salon edition, we believe, is a great tribute to the skill and artistry of collegeland's camera masters.

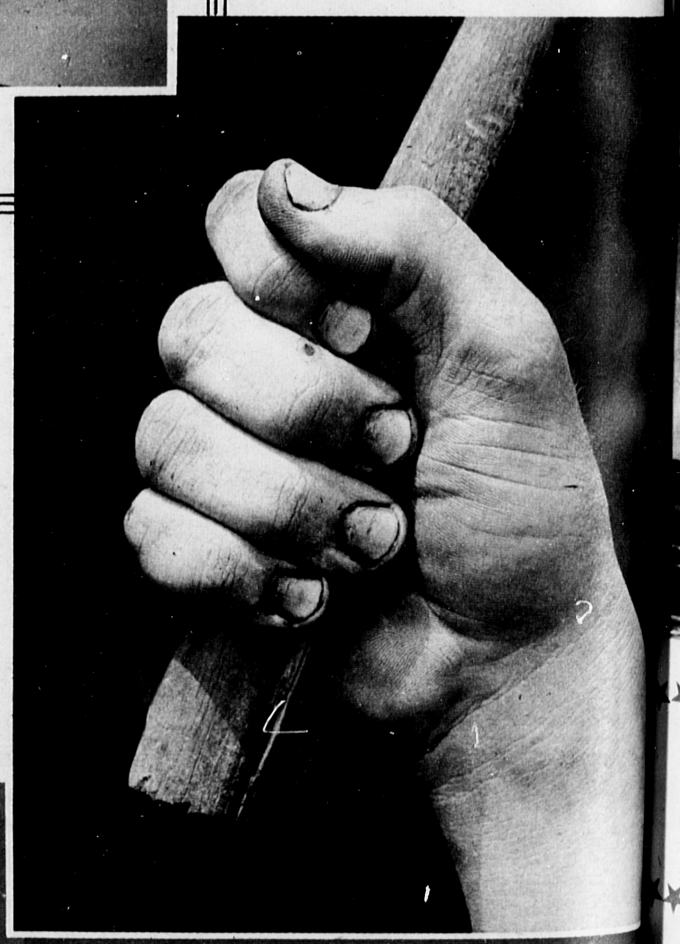
# Still Life

"Hole Comfort" — First Prize — Jack Bowles, Los Angeles City College

"Waiting" — Fourth Prize — Floyd McPherson, Ventura Junior College

"For Defense" — Second Prize — W. H. Lachman, Massachusetts State College

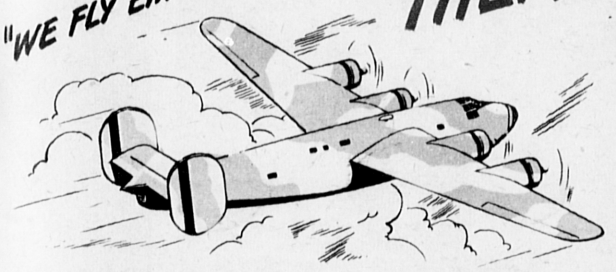
"Lily" — Third Prize — George Kaul, College of St. Thomas



"Senior Fence" — Honorable Mention — Herbert Hartman, Carnegie Tech

"Rehearsal" — Honorable Mention — Frederick K. Faehndrich, University of Wisconsin

"WE FLY 'EM OVER— OVER THERE"



GERMANS OR JAPS, storms or ice... you've got to be ready for anything when you're flying the big bombers across the ocean to the battle-front. You bet you don't want jangled nerves. These two veterans at the right are Camel smokers. (Names censored by Bomber Ferry Command.) The captain (*nearest camera*), a Tennessean, says: "I smoke a lot in this job. I smoke Camels. They're extra mild with plenty of flavor."

YOU WANT STEADY NERVES to fly Uncle Sam's bombers across the ocean

WITH THESE MEN WHO FLY BOMBERS, it's Camels all the time. The co-pilot of this crew (name censored), *(second from left in photograph at the left)* says: "I found Camels a milder, better smoke for me in every way. And that grand flavor never wears out its welcome." Yes, in times like these, when there's added tension and strain for everyone, there's nothing like a Camel for steady smoking pleasure.

*Important to Steady Smokers:*

The smoke of slow-burning CAMELS contains LESS NICOTINE

than that of the four other largest-selling brands tested—less than any of them—according to independent scientific tests of the smoke itself!

R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina

IN MY NEW DEFENSE JOB, I APPRECIATE CAMELS MORE THAN EVER. THEY'RE EXTRA MILD WITH A GRAND FLAVOR

**FIRST IN THE SERVICE—**

The favorite cigarette with men in the Army, the Navy, the Marines, and the Coast Guard is Camel. (Based on actual sales records in Post Exchanges, Sales Commissaries, Ship's Service Stores, Ship's Stores, and Canteens.)

**—AND THE FAVORITE AT HOME!**

"Pinafore Glamour" First Prize **Helen Heaton**
Los Angeles City College

"Hollywood Influence"
Honorable Mention

"Student Pilot"

Second Prize

Irving S. Currier
Glendale Junior College

# Picturesque Camera Art

The excellent prints at left and below are two of the many unusual photographs which deserve special mention. An infra red filter was used to produce the striking picture at left, while the photo below required an eight-minute exposure with only the moon for light.

Greatest thrill for the camera artist comes when developing photos of this kind — where skill, imagination and equipment combine to create the unusual.

## Traveling Salon

To further the ever-growing interest of collegians in photography, Collegiate Digest and the Associated Collegiate Press are preparing a traveling exhibit of outstanding prints entered in Salon Edition competition. Thousands of persons on many campuses viewed last year's Salon Contest winners.

If you are interested in obtaining this unusual display for your school, write to the Salon Editor, Collegiate Digest, stating the week you'll want it. Responsible parties, such as Camera Clubs, student newspapers, or Student Union officials, must take charge of the exhibit and express it prepaid to the next scheduled point on its itinerary.

"Snow Geyser" — First Prize — Wendy Neefus, Dartmouth

"Mischief" — Second Prize — Doris Matthews, L. A. C. C.

"Let's Eat" — Third Prize — Robert Immel, Ventura Junior College

"Cheer Leader" — Fourth Prize — Dr. Joseph H. Lorber, University of Chicago
